A story is told in the form of a dialogue with the choices you make. A simple morality system exists but really doesn't bother the player more than the bare minimum. Some of the themes in the

game reference Star Wars, Minecraft, Civilization, Rust, Dungeons and Dragons, D&D, Pretty much every form of entertainment on Earth, and a variety of other places. Items and creatures are named after things like 'wet toilet' and 'other.' A: Chrono Trigger, I'm pretty sure. Addendum to the answer: At the time, I was probably thinking of Chrono Trigger and older games (like Harvester, Forsaken, and Tower of Druaga) to which I was comparing it. I take it back, now. I hadn't played CC since the 90's and I never played Harvester or Forsaken, but for the life of me, I can't remember when I played Toto or Tower of Druaga. Ah, well. A: I'm not sure if this qualifies, but in a way it

does. An adventure game based on some old, random dungeon crawler. Of the style pictured, I think this one is the best. Isometric, featuring old isometric graphics for a throwback. Uses the up arrow to display previously ignored objects. Climbs up and down stairs, from anywhere. Plus a cool tab-like feature to sort and filter what you see. You encounter rooms with Doors (but no names) to the right. The solution to the puzzles, which are more like "use the force," is at the bottom right. Possibly some kind of virtual reality "adventure," since you enter a room with an abstract floor tile, and then enter a smaller room of your own. A clock when the room's in place, and the time when you exit the

room. The point is to find out the right time to go back and see what's different in the next room. In short, it's an old school game that looks like a "gamer" game, but isn't really one. of the wall. The test results suggest that the walls are not playing an important role in the penetration resistance as has been suggested earlier. The results at the different test stations show that the angle at which the rifle is pointed at the wall affects the penetration of the bullet for
