### Features Key:

- FIFA 22 : The Most Realistic - The most realistic simulation of real football ever made - already the fastest and most exhilarating FIFA game of all time, FIFA 22 has been re-engineered to more accurately simulate the physics of the real ball as it rolls and spins in the air. Players can control the ball to help decide matches. Precision dribbling now includes more realistic animations, sprinting, jinking moves and precise controls. On the field, AI controls are aligned with your character's technical ability, with better tackling animations and more realistic tackling response.
- All your FIFA World Cups - All 10 of the FIFA World Cups to date are available, with new stats, uniforms and kits, and the new FUT Draft mode. Inter-national competition is as unpredictable as ever as the blue-and-white kits of Brazil are spiced up with yellow. Run through the streets of 2018 in the biggest Brazilian street style, whether you're making your way in or working your way out.
- All 22 real-world Pro players - It is now more diverse than ever before. The Game faces off against legendary heroes, established stars and breakout stars - each with their own distinct playing style. And they will all feature in Player Ratings based on their performance in 2017. New finishing directions are also a key feature. Aim for the back of the net from new angles and shoot with different types of passes to see what finishes are possible.
- Create and play as real historical greats - Available on all platforms, this is the only official way to play FIFA 2019 challenges (requires separate download), with playable content from across the World Cup. From the beginning of the game to Brazil 2014.
- New combative shooting system - With the introduction of new-generation ball physics, working depth in visuals, crisp, agile pass controls and new player controls on the ball, FIFA 22 is a real departure from the current FIFA experience. Employ the new shooting mechanics based on the physics to get away from predictable finishing.
- Move freely among any pitch - Ultimate Team gives you complete freedom to play how you want. Move seamlessly across any pitch; push forward to receive quick service attacks and make bold dribbling and shooting saves anywhere in the world. Tackle your opponent at an angle and spin from the deck to create an unorthodox finish.
- Goalkeeper Dream Team - Player Creation - Franchise

### What's new in Fifa 22:

- **Completely reworked aerodynamics to enhance ball control and player accuracy. Includes new features like Increased "Max" and "Min" wind resistance, Vertical and Horizontal drift, and Improved heat and damping for more precision. Players have a greater range of movement on the pitch allowing them to control the ball and choose where to pass, shoot, or head-butt it.**
- **The Dynamic Opponent AI and Saved Game Competition mode introduces new routines to your tactics, allowing players to run wild on more of an unexpected pitch. Dynamic Opponent AI takes opponent play-style and tactics into account making for more unpredictable, intense matches. When you play Saved Game Competitions, you play against your greatest rival or finest side to see how they'd defend their spot on the podium.**
- **Visuals deliver a great experience with all-new lighting and shadows. Explore the stadium and stadium facilities, or head to the pitch to enjoy sharp shadows, enhanced relief, and an all-new ball physics effect.**
- **Embedding of licensed music and chants has been improved, and online focus groups have created crowds that react to the action on the field and in the stands.**
